

Proficiency Matters, Are You Ready For In Flight Emergencies ?

Preparation is the key to success! It's no different in aviation. History has taught us that inadequate pre-flight planning can often lead to undesirable outcomes, including accidents! At this exclusive briefing we'll discuss how thorough preparation for a long cross country trip, along with recurrent training and proficiency made the difference in the life of one pilot who made it to the ground safely after the engine quit! Attend this meeting and hear this exciting story! Pre-Registration is encouraged at FAASafety.gov. Refreshments provided by WAPA Click the link below to register TODAY!

Directions: See map link at faasafety.gov for directions. Free auto parking in the lower level, main lot, Free aircraft parking at Rectrix Aero F.B.O.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
